

Fall 2024 Eligibility

Aktivate

Athletes cannot be placed on an Aktivate roster until they have been fully cleared in Aktivate.

Eligibility

There are two “types” of athletes again this year. TRADITIONAL and NON-TRADITIONAL.

TRADITIONAL ATHLETES – These are athletes who had at least a 2.0 GPA for the second semester of the previous school year. All incoming freshmen are granted initial eligibility. Their first grade check will be on Tuesday, September 3rd. If there are no grades posted for one of their classes at this time, they will be considered passing. If they are failing any class(es) on that date, they will be put on PROBATION for one week. During that week they are allowed to practice and participate/compete. Grades will then be checked again the following Monday (September 9th) and if they are still failing the same class(es), they will be INELIGIBLE for one week. They are allowed to practice (at the coaches’ discretion) but are not allowed to compete.

NON-TRADITIONAL ATHLETES – These are athletes who did not get at least a 2.0 GPA for the second semester of the previous school year OR failed more than one class. These athletes will be considered INELIGIBLE until the first grade check on September 3rd. If they have any F’s at that time, they will remain INELIGIBLE until the next 3-week grade check. They do not receive a week of probation.
